Above the Fold Media is a small but full-service, Search Marketing agency in Toronto that offers customizable marketing services founded on deep research including Inbound Marketing, Search Engine Optimization, Pay Per Click, SEO Consulting Toronto, and more. Above the Fold Media is also a Hubspot partner.

Above the Fold is a book about the fundamentals of clear graphic communication within the context of Web design. The book has three sections, which follow the cycle of a typical Web project: PLAN Section I focuses on the predesign phase of a Web project. From project planning and brief writing to information architecture and responsive grid creation. DESIGN The second section of Above the Fold explores the enduring principles of design and the nuances that are specific to the field of Web design. OPTIMIZE Finally, we close the loop and discover ways to enable your client to maximize the investment they've made in their Web site with marketing and analytics.

This is a different kind of web design book. Above the Fold is not about timely design or technology trends; instead, this book is about the timeless fundamentals of effective communication within the context of web design. It is intended to help you, the reader, understand the considerations that web designers make when developing successful websites. Above the Fold is divided into three sections: Design & Typography Planning & Usability Business Value Each section represents a phase in the continuous cycle of web design. It's the balance among design, usability, and return on investment that makes a website truly great. Topics covered in Above the Fold include: What makes web design unique The history of web design Anatomy of a web page White space and grid use in web design The elements of web design: color, texture, imagery, scale, depth, animation, and variability Web typography, including web-safe type, images of type, and font replacement and embedding Web project planning Information architecture, including site maps, wireframes, and user flow diagrams The elements of usability: navigation, breadcrumbs, links, search, submission forms, and error messaging Search engine optimization Online marketing, including banner ads, viral and social marketing, on-site marketing, and email marketing Web statistics and analysis

Five years and more than 100,000 copies after it was first published, it's hard to imagine anyone working in Web design who hasn't read Steve Krug's "instant classic" on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don't be surprised if it completely changes the way you think about Web design. Three New Chapters! Usability as common courtesy -- Why people really leave Web sites Web Accessibility, CSS, and you -- Making sites usable and accessible Help! My boss wants me to \_\_\_\_\_. -- Surviving executive design whims "I thought usability was the enemy of design until I read the first edition of this book. Don't Make Me Think! showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book." -- Jeffrey Zeldman, author of Designing with Web Standards

Korean American high school student Joyce Kim feels like a nonentity compared to her beautiful older sister, and when her aunt offers to pay for plastic surgery on her eyes, she jumps at the chance, thinking it will change her life for the better.

With half a million copies in print, *How to Read a Book* is the best and most successful guide to reading comprehension for the general reader, completely rewritten and updated with new material. A CNN Book of the Week: "Explains not just why we should read books, but how we should read them. It's masterfully done." –Farheed Zakaria Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and how to achieve them—from elementary reading, through systematic skimming and inspectional reading, to speed reading. Readers will learn when and how to "judge a book by its cover," and also how to X-ray it, read critically, and extract the author's message from the text. Also included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works. Finally, the authors offer a recommended reading list and supply reading tests you can use measure your own progress in reading skills, comprehension, and speed.

This book is comprised of events that have actually happened to the author, as well as dreams that the author has had from time to time!

>

Provides information on designing easy-to-use interfaces.

Introduces machine learning and its algorithmic paradigms, explaining the principles behind automated learning approaches and the considerations underlying their usage.

Have you been harmed by toxic religion? Learn how to recover and reclaim your life. Psychologist Marlene Winell is uniquely qualified to address the subject of this book. In addition to her personal experience with leaving fundamentalist religion, she has worked with clients recovering from religion for 28 years. She is known for coining the term Religious Trauma Syndrome. *Leaving the Fold* is a self-help book that examines the effects of authoritarian religion (fundamentalist Christianity in particular) on individuals who leave the faith. The concrete steps for healing are useful for anyone in recovery from toxic religion. In this book you'll discover: - what you can expect about stages of religious recovery - information about the key issues of recovery - relevant family dynamics - the power of manipulations - motivations for belonging and for leaving religion - specific steps for healing and reclaiming life - further steps for rebuilding life in the present *Leaving the Fold* is the only self-help psychology book on the subject of religious recovery. The accessible, compassionate writing is ideal for the reader who needs clear information and concrete help. Buy *Leaving the Fold* and begin your healing journey today
