Active Listening And Reflective Responses

Active listening is a skill that, like other communication skills, must be developed. It does not come naturally to most of us. Practicing active listening and particularly reflective responses can feel artificial when these skills are isolated from a real communication need. Still, only by practicing can you develop these skills and then

Active Listening and Reflective Responses

There is no question that active and reflective listening overlap, which sometimes makes it hard to distinguish between the two. In fact, using reflective statements is an aspect of active...

The Difference Between Reflective & Active Listening ...

This is one of the most powerful healers for many reasons. The therapist response (albeit I hate to label it a technique as it is not turned on and off like a technique but becomes part of the fabric of the therapist both in and out of therapy) is
