#1 NEW YORK TIMES BESTSELLER • “A great American success story . . . an endearing and well-written book.”—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier’s directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell’s passionate views on family, personal responsibility, and, in his own words, “the greatness of America and the opportunities it offers” inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique’s Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: “This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one.” Praise for Enrique’s Journey “Magnificent . . . Enrique’s Journey is about love. It’s about family. It’s about home.”—The Washington Post Book World “[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking.”—People (four stars) “Stunning . . . As an adventure narrative alone, Enrique’s Journey is a worthy read. . . . Nazario’s impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one.”—Entertainment Weekly “Gripping and harrowing . . . a story begging to be told.”—The Christian Science Monitor “[A] prodigious feat of reporting . . . [Sonia Nazario is] amazingly thorough and intrepid.”—Newsday

Comprehensive study guides including key topics, chapter notes section, true/false and multiple choice questions with answer key, map evaluation exercises, and essay questions.

A beautifully repackaged 50th anniversary edition of Sonia Levitin's powerful classic story about a young Jewish girl forced to flee her home, winner of the National Jewish Book Award. In 1938, Lisa Platt and her family know something dangerous is happening in Germany. Lately, there have been more and more restrictions for Jews: yellow stars they have to wear, schools they cannot attend, things they are forbidden to do. When their neighbors are arrested for petty reasons, the Platts realize they have to escape. Forbidden to bring money or possessions out of the country, Lisa's father secretly leaves for America, planning to work until he can send for them. But when conditions in Germany worsen, Lisa, her mother, and her sisters flee to Switzerland to wait, surviving on what little they have in a continent hurtling toward war. Inspired by Sonia Levitin's own experience of fleeing Germany as a child, this moving novel chronicles one family's bravery in the face of aggression and apathy.

This occurred over a lifetime. It is about the Good and Bad Experiences had by a Baby Boomer named Peter, as a child growing up to adulthood and all through life. The mystery's of life and all that's sacred unfolds; life holds almost endless secrets untold or many times forgotten. The story briefly traces Peter and his Family, year by year, from the mid-nineteen forties to 2009. Several generations of family are represented on both sides. They came from Europe: from England, France, Norway and Poland entering into and through Canada and finally into America to become American Citizens and Proud of It With the years since World War II, the world witnessed; Advances of Wonder, Amazing Strides Forward and Shocking Social and Moral Changes. Today's America is most certainly nothing like the America of your Grandparents. Improvements in American lifestyle first, with America most always the innovator, followed shortly by the rest of the World. Peter was just trying to get by, but he was faced with living and learning, as we all are. In The World around Me This section appears at the end of each year. Such topics as; Cost of Products By Year - Car, House, Milk, Bread, Gasoline, 1ST Class Postage, Minimum Wage, the Stock Market, the U.S. Population and the World Population by year. American Sports; Baseball, Football, Basketball Annual Championship Winners, Both Summer and Winter Olympic Games, Boxing, Horse Racing, Tennis, Golf and more. core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents--an esteemed economist from Jamaica and an admired cancer researcher from India--met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in *THE TRUTHS WE HOLD* a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.
