Second, hand feed your dog. I hear you snickering. But seriously, when you feed Fido his breakfast, take a minute to feed him some kibble by hand. This is where the “play with your food” part comes in. Fill the bowl. Before you put it on the floor, have Fido do some tricks. Reward each trick with a piece of food.

To play the Shell Game or Cup Game, you need two plastic opaque cups and doggy treats – each treat small enough to fit inside one cup. Take the two plastic cups and turn them over. Place a treat under one of the cups, with your dog watching. Prompt your dog to turn over the cup and get the treat.

**Dog Food Games To Entertain Your Dog - My Pet Warehouse**

Domesticated dogs retain many traits of their wild relatives' -- including playing with their food. A dog who enjoys batting his food around before he eats it is just mimicking the feeding behaviors of his undomesticated ancestors. Providing more exercise and a structured feeding routine will go a long way to ...

**Why Does My Dog Like to Play With Her Food? | Dog Care ...**

Encourage your dog with gentle praising, building to excited physical and verbal praise when your dog is more enthusiastic. Dogs can also be encouraged to play with toys by using a toy designed to have food pushed into it. Show your dog the toy, let your dog sniff the food and then roll the toy along the floor.

**How to play with your dog | Blue Cross**

One of the simplest games you can start with is scatter feeding. This encourages your dog to search for their food and helps encourage their natural foraging behaviours. Scatter feeding is essentially what it sounds like. Instead of using a bowl, scatter your dog’s food on the floor, around the house or in the garden.

Try Out a New Food. If you suspect that your pupper doesn’t much care for his food, try out something new! There is a world of flavors and textures out there that your pup may want to experience. Maybe substituting your dry kibble for some wet dog food for a while will do the trick. If he does not like the next food, try again until he does.

**What to Do if Your Dog Won’t Eat His Food but Will Eat Treats**

S uitable for all dog types, this wet food consists of 85% fresh beef, so it is high in protein. There is also a mixture of chickpeas, parsnips, spinach, apples, oranges and a variety of minerals...

**The best dog food: How to choose the right food for your pet**

Encourage your dog to play with a dog that matches their play style and energy, and redirect their attention if they start ganging up on another dog. If your dog just can't seem to leave another dog or dogs alone, it's time to simply leave the dog park and try again later when there might be a better match.
