Completely revised and updated, this groundbreaking self-published book has sold more than 15,000 copies through limited exposure and distribution. Electrical Nutrition outlines the authors' revolutionary theories on health and nutrition based on an electrical model. Everything we think, feel, eat, and do triggers electrical responses in our bodies. Each of our cells is electrically charged, and therefore the electrical availability of what we eat has a profound effect on our health, vitality, and well-being. Instead of focusing on the chemical reactions that occur in every system of the human body, the authors contend that there is a simultaneous electrical reaction that has an equally, if not even more, important impact on our ability to digest and benefit from the food we consume. Any interruption to the flow of the body's natural electrical circuitry will have a negative effect on a cellular level which, in turn, will promote disease. Electrical Nutrition offers a practical program that includes menu plans and a listing of the best "electrically available" foods-a plan that will dramatically increase stamina, vitality, and even libido. By eliminating foods that are "electrically dead," we can rid the body of toxins that promote obesity and a host of illnesses, from chronic fatigue to heart disease, while boosting the body's natural energy and immune function.

Body electronics is a self-healing system that utilizes nutrient saturation through diet and supplementation. Thomas Chavez learned this discipline under its developer, Dr. John Whitman Ray, and in Body Electronics, Chavez expands it to cover every imaginable trauma and illness. The basis for the approach is the melting of melanin protein complexes (crystals) in the body that develop through years of poor diet, insufficient water, poor bowel ecology, and other factors. The book addresses such topics as how to achieve appropriate levels of nutrient saturation with the right combination of enzymes and minerals; how much water to drink and why it's important; how eating cooked food can be a damaging addiction; and how to achieve a healthy relationship with bacterial flora for intestinal health. In addition to physical wellness, the book addresses spiritual and psychological well being. The results of body electronics have been called miraculous; this book shows why.

Offering a totally new electrical/energy perspective on health, nutrition, and well-being, "Electrical Nutrition" is a self-help guide written in logical easy to understand language. This book redefines the various causes of disease, and how life's issues, the birthing process, emotions, pharmaceutical drugs, immunizations, antibiotics, and food all effect the body's electrical system.

We've all been there-angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, Intuitive Eating focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: "How to reject diet mentality forever "How our three Eating Personalities define our eating difficulties "How to feel your feelings without using food "How to honor hunger and feel fullness "How to follow the ten principles of Intuitive Eating, step-by-step "How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

The solution for chronic inflammation, regarded as the cause of the most common modern diseases, has been identified! Earthing introduces the planet's powerful, amazing, and overlooked natural healing energy and how people anywhere can readily connect to it. This never-before-told story, filled with fascinating research and real-life testimonials, chronicles a discovery with the potential to create a global health revolution.

The true story of a man struggling with who he is, discovering himself, and living his truth. Inspirational for anyone going through hard times and wondering where they fit in this world.

In the tradition of Christiane Northrup, a renowned cardiologist integrates emotional and physical well-being in a revolutionary new approach to women 's heart health. As a cardiologist with a specialization in women 's heart disease, Dr. Steinbaum has helped thousands of patients resolve their heart issues, and aims to do the same for readers in her inspirational book that will change the way we think about heart health. She guides readers through the risk factors of heart disease, from the traditional physical benchmarks like weight, cholesterol, and blood pressure, to lifestyle habits, emotional awareness, and even the way she sees herself in the mirror—and in the world. In Dr. Suzanne Steinbaum 's Heart Book, readers are shown clear, easy steps on how to maximize heart health. This is a life book that will teach women how to regain control over all aspects of their busy lives, including how to finally achieve: A heart-healthy diet Heart-supportive exercise Heart-enhancing stress management Heart-filling relationships A sound night 's sleep A more satisfying sex life A calm, focused mind A deep level of self care And much, much more. Dr. Suzanne Steinbaum's Heart Book strives to bring forth a new approach to heart-centered healing so that readers everywhere may experience a fulfilling life of health and happiness.

Explains what your body is "thinking" and tells you why your genes actually want you to be fat, and that by deactivating these "killer genes," you can reprogram your body for the health, life, looks, and longevity you desire. Reprint.

Did you know that ginger can prevent migraines and that coffee sometimes cures them? Did you know that rice can calm your digestion, that sugar can make you more sensitive to pain, that evening primrose can ease the symptoms of arthritis? Drawing on new and little-known research from prestigious medical centers around the world, Neal Barnard, M.D., author of Eat Right, Live Longer and Food for Life, shows readers how they can soothe everyday ailments and cure chronic pain by using common foods, traditional supplements, and herbs. Dr. Barnard reveals which foods regularly contribute to pain and how to avoid them. He guides the reader to specific pain-safe foods that are high in nutrition but don't upset the body's natural balance, as well as foods that actively soothe pain by improving blood circulation, relieving inflammation, and balancing hormones. Complete with delicious recipes, Foods That Fight Pain is a revolutionary approach to healing that will transform your life.

Combining science, culture, anthropology, and philosophy, explains how to stay healthy and live with purpose in the modern world by returning to the way humanity's hunter-gatherer ancestors ate, moved, and lived in the wild.
