*'Invisible Man' Questions for Study and Discussion*

What does he mean to the narrator? Rinehart is a mystery and a source of deep ambiguity in Invisible Man. He never appears in the novel, and the narrator only learns of his existence when other people mistake him for Rinehart while he is in disguise. Rinehart seems to be all things to all people—pimp, bookie, and preacher, among other things.

Invisible Man may be said to exemplify the paranoid style of American literature. How does Ellison establish an atmosphere of paranoia in his novel, as though the reader, along with the narrator, "had waded out into a shallow pool only to have the bottom drop out and the water close over my head" [p.432]?

*Invisible Man by Ralph Ellison | Book Club Discussion ...*

Written in the politically and socially turbulent 1940s, Invisible Man is one of the definitive novels of the African-American experience; it is also one of the definitive novels for all Americans. The issues Ellison so powerfully addresses are those that confront everyone who lives in the modern world: not only racism but the very question of personal identity, our frustrated impulse to assert ourselves in a world which is metaphorically blind.

*Invisible Man Chapter Questions*

Ralph Ellison (1913-1994) was an American writer. Invisible Man, published in 1952, is by far his most famous work, but another novel, published posthumously, is also widely read: Juneteenth ...

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood", and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's The Waste Land, Joyce, and Dostoevsky.

Named a best book of the year by Entertainment Weekly, Time, and The Chicago Tribune, and named a notable book by The New York Times Book Review and The Washington Post "Remarkable . . . With this book [Wolitzer] has surpassed herself."—The New York Times Book Review "A victory . . . The Interestings secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's."—Entertainment Weekly (A) From Meg Wolitzer, the New York Times–bestselling author of The Female Persuasion, a novel that has been called "genius" (The Chicago Tribune), "wonderful" (Vanity Fair), "ambitious" (San Francisco Chronicle), and a "page-turner" (Cosmopolitan). The summer that Nixon resigns, six teenagers at a summer camp for the arts become inseparable. Decades later the bond remains powerful, but so much else has changed. In The Interestings, Wolitzer follows these characters from the height of youth through middle age, as their talents, fortunes, and degrees of satisfaction diverge. The kind of creativity that is rewarded at age fifteen is not always enough to propel someone through life at age thirty; not everyone can sustain, in adulthood, what seemed so special in adolescence. Jules Jacobson, an aspiring comic actress, eventually resigns herself to a more practical occupation and lifestyle. Her friend Jonah, a gifted musician, stops playing the guitar and becomes an engineer. But Ethan and Ash, Jules's now-married best friends, become shockingly successful—true to their initial artistic dreams, with the wealth and access that allow those dreams to keep expanding. The friendships endure and even prosper, but also underscore the differences in their fates, in what their talents have become and the shapes their lives have taken. Wide in scope, ambitious, and populated by complex characters who come together and apart in a changing New York City, The Interestings explores the meaning of talent; the nature of envy; the roles of class, art, money, and power; and how all of it can shift and tilt precipitously over the course of a friendship and a life.

These 13 stories by the author of The Invisible Man "approach the elegance of Chekhov" (Washington Post) and provide "early explorations of (Ellison's) lifelong fascination with the 'complex fate' and 'beautiful absurdity' of American identity" (John Callahan). First serial to The New Yorker. NPR sponsorship.

A Study Guide for Ralph Ellison's "Invisible Man," excerpted from Gale's acclaimed Novels for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Novels for Students for all of your research needs.

The work of one of the most formidable figures in American intellectual life." -- Washington Post Book World The seventeen essays collected in this volume prove that Ralph Ellison was not only one of America's most dazzlingly innovative novelists but perhaps also our most perceptive and iconoclastic commentator on matters of literature, culture, and race. In Going to the Territory, Ellison provides us with dramatically fresh readings of William Faulkner and Richard Wright, along with new perspectives on the music of Duke Ellington and the art of Romare Bearden. He analyzes the subversive quality of black laughter, the mythic underpinnings of his masterpiece Invisible Man, and the extent to which America's national identity rests on the contributions of African Americans. Erudite, humane, and resounding with humor and common sense, the result is essential Ellison.

Provides a thorough introduction to the plot, themes, issues, style, contexts, and critical reception of Ellison's novel.

The radiant, posthumous second novel by the visionary author of Invisible Man, featuring an introduction and a new postscript by Ralph Ellison's literary executor, John F. Callahan, and a preface by National Book Award-winning author Charles Johnson "Ralph Ellison's generosity, humor and nimble language are, of course, on display in Juneteenth, but it is his vigorous intellect that rules the novel. . . . A majestic narrative concept."—Toni Morrison In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin's bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. "Tell me what happened while there's still time," demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison's own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an "anguished attempt," Ellison once put it, "to arrive at the true shape and substance of a sundered past and its meaning." In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator's confronting how deeply estranged he had become from his true identity. In Juneteenth, Ralph Ellison evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider's life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison's widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison's forty-year work in progress—its author's abiding testament to the country he so loved and to its many unfinished tasks.

An African-American man's search for success and the American dream leads him out of college to Harlem and a growing sense of personal rejection and social invisibility. Copyright © Libri GmbH. All rights reserved.

With the same intellectual incisiveness and supple, stylish prose he brought to his classic novel Invisible Man, Ralph Ellison examines his antecedents and in so doing illuminates the literature, music, and culture of both black and white America. His range is virtuosic, encompassing Mark Twain and Richard Wright, Mahalia Jackson and Charlie Parker, The Birth of a Nation and the Dante-esque landscape of Harlem—"the scene and symbol of the Negro's perpetual alienation in the land of his birth." Throughout, he gives us what amounts to an episodic autobiography that traces his formation as a writer as well as the genesis of Invisible Man. On every page, Ellison reveals his idiosyncratic and often contrarian brilliance, his insistence on refuting both black and white stereotypes of what an African American writer should say or be. The result is a book that continues to instruct, delight, and occasionally outrage readers thirty years after it was first published.
