As such, "possessions are used as symbols of what we are, what we have been, and what we are attempting to become", whilst also providing an archaic means of possession by enabling the consumer to incorporate the meanings signified to them by the object. Emotionally durable design "seeks to overcome our preoccupation with box-fresh experiences in order to develop a material culture where there is a continuous narrative of progressive change and meaningful, mutual growth".

Jonathan Chapman (academic) Jonathan Chapman (born 1974) is Professor and Director of Doctoral Studies in the School of Design at Carnegie Mellon University, USA. His research tackles our throwaway society by developing design strategies for longer-lasting products, materials and user experiences — an approach he calls, emotionally durable design. Chapman's work on the behavioural dimension of product longevity was first established in his book, Emotionally Durable Design: Objects ...
