'This book clearly approaches the "21st century skills-issue" ... Hands-on, reflective, thorough: a definite must-have for students, professionals and HE institutions.' - Nieke Campagne, Careers/Policy Advisor, Leiden University, The Netherlands Whether you are about to embark on your business degree programme, are already a business student or are a business graduate, this book helps you to develop yourself and your career in ways which will benefit you, your current and future employers and society. Focused on developing study and personal skills to enhance your employability, it provides insights and practical guidance on: Developing a skill set and competencies that will be valued by employers, including team-working, critical thinking, networking, managing emotion and managing technological change Self-profiling through career and life planning, and self-presentation through career communication, volunteering and internships Becoming a global business practitioner, able to anticipate economic and cultural change, understand a diversity of world-views and the idea of 'global responsibility' Becoming a responsible and ethical business practitioner, embodying virtues and values which are increasingly sought after by employers in line with consumer expectations. 'The first thing I really love about Paul Dowson's hugely comprehensive book is its clarity; he takes complex themes and turns them into accessible learning outcomes. The other thing to love is its humanity ' It is insightful and borne of a deep concern about how students transition from higher education to working life and citizenship.' - Jane Artess, Director of Research, Higher Education Careers Services Unit (HECSU), UK

First published in 2010 . Routledge is an imprint of Taylor & Francis, an informa company.

Identifies and describes specific government assistance opportunities such as loans, grants, counseling, and procurement contracts available under many agencies and programs.

The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry: economic, demographic, employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners, contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.

This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.
