A way of calculating the depreciation of an asset whereby one subtracts a certain percentage of its current value each year. For example, suppose an asset costing \$100,000 depreciates 10% each year. After the first year, it depreciates to \$90,000. In the second year, one deducts 10% from the \$90,000, rather than the original \$100,000.
