"I killed" is a boast by a comedian after he successfully performed his act to an enthusiastic audience; "I Killed" the book, on the other hand, is a compendium of stories from stand-up comedians who achieved the very opposite—a disastrous outing due to any variety of factors: being drunk or high while performing, threatening hecklers, low-rent surroundings, or an unappreciative audience.

"Spectacular and constantly surprising." -Ken Burns Written with the authority of a scholar and the vigor of a bestselling narrative historian, The War That Killed Achilles is a superb and utterly timely presentation of one of the timeless stories of Western civilization. As she did in The Endurance and The Bounty, New York Times bestselling author Caroline Alexander has taken apart a narrative we think we know and put it back together in a way that lets us see its true power. In the process, she reveals

the intended theme of Homer's masterwork-the tragic lessons of war and its enduring devastation.

For readers of *Behind the Beautiful Forevers* and *Nothing to Envy*, this is a breathtaking real-life story of four street children in contemporary Zambia whose lives are drawn together and forever altered by the mysterious murder of a fellow street child. Based on years of investigative reporting and unprecedented fieldwork, *Walking the Bowl* immerses readers in the daily lives of four unforgettable characters: Lusabilo, a determined waste picker; Kapula, a burned-out brothel worker; Moonga, a former rock crusher turned beggar; and Timo, an ambitious gang leader. These children navigate the violent and poverty-stricken underworld of Lusaka, one of Africa's fastest growing cities. When the dead body of a ten-year-old boy is discovered under a heap of garbage in Lusaka's largest landfill, a murder investigation quickly heats up due to the influence of the victim's mother and her far-reaching political connections. The children's lives become more closely intertwined as each child engages in a desperate bid for survival against forces they could never have imagined. Gripping and fast-paced, the book exposes the perilous aspects of street life through the eyes of the children who survive, endure and dream there, and what emerges is an ultimately hopeful story about human kindness and how one small good deed, passed on to others, can make a difference in the face of seemingly insurmountable odds.

On July 16, 1989, Kaitlyn Arquette was shot to death in Albuquerque, New Mexico. The police gave up, but her mother would not . . . In this tragic memoir and investigation, Lois Duncan searches for clues to the murder of her youngest child, eighteen-year-old Kaitlyn Arquette. Duncan begins to suspect that the official police investigation of Kaitlyn's murder is inadequate when detectives ignore her daughter's accidental connection to organized crime in Albuquerque. When Duncan loses faith in the system, she reaches out to anyone that can help, including private investigators, journalists, and even a psychic. Written to inspire other families who have lost loved ones to unsolved crimes, *Who Killed My Daughter?* is a powerful testament to the tenacity of a mother's love. A heartbreaking personal account by an Edgar Award-winning author known for such books as *I Know What You Did Last Summer*, this is a true story with "all of the elements of a suspenseful mystery" (*School Library Journal*). This ebook features an illustrated biography of Lois Duncan including rare images and never-before-seen documents from the author's personal collection.

Moms Who Kill Mothers are supposed to be protective and shield their children from danger and destruction. Every child expects their mom to be there for them and instinctively trusts them. They would never expect their own mother of being able to commit such crimes, but they do. Why Do They Commit These Acts Of Maternal Filicide "Maternal filicide" is the technical term for the act of a

mother killing her child. It is usually children under the age of eight who are killed by their mothers; those over the age of eight are more likely to be killed by their fathers. So what can make a mother cross the line and actually kill her own child-or, in some cases, children? A history of mental illness, drug abuse, and even perceived altruistic reasons have all been seen in these horrible cases. Andrea Yates, famous for drowning her children in the family bathtub, had a known history of post-partum depression and psychosis and had been advised not to have any further children. In some cases, the mother may stop taking her medication or avoid the counseling doctors recommend. In the case of Diane Downs, however, who attempted to kill all three of her children but only managed to kill her daughter, it was suspected that she committed the crimes to win the favor of an ex-boyfriend who had stated he didn't want any children. This isn't the only case that circles back around to a relationship. In fact, revenge on a partner might be one of the rarest reasons for filicide, but it happens as well. Beyond Child Abuse Women may only commit 14% of the violent crimes in the country, but filicide still remains prevalent. By learning what motivates these women to kill and attempting to understand their frames of mind it might be possible to identify at-risk behavior in the future and stop the violence. From famous cases such as Susan Smith to lesser known ones such as Michelle Kehoe, all maternal filicides are tragic and horrifying. The murder of a child can never be justified. In the following book we'll look at the murders and the aftermath of their horrifying, unimaginable actions and try to gain an understanding of what motivated them and how those around them seemed to miss the warning signs of their impending actions. KATY DIED THREE DAYS AFTER THE BRUTAL ATTACK. JUSTICE ARRIVED THREE DECADES LATER. In the early morning hours of August 29, 1986, Clarkson University sophomore Katy Hawelka – bright, pretty and full of life – strolled back to her upstate New York campus after a night out. On the dimly lit path beside the university's ice hockey arena, a stranger emerged from the darkness. The brutal sexual assault and strangulation that followed rocked the campus and the local community. When Katy was declared brain-dead three days later, her family's nightmare had only just begun. Terry Connelly soon learned details about her daughter's death that would make her blood boil. From the bungling campus guards who could have stopped the murder, to mistakes by others that allowed the killer to wander the streets committing violence, Katy's mother became certain of one thing: The criminal justice system only meant "justice for the criminals." A STRANGER KILLED KATY is the true story of a life cut tragically short, and of the fight by a grieving mother and others more than 30 years later to ensure that a killer would spend the rest of his life behind bars.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.
