Intima: A Journal of Narrative Medicine is an online literary journal focusing on healthcare, medical stories, hospitals and caregivers. OUR CURRENT ISSUE Academic

INTIMA: A JOURNAL OF NARRATIVE MEDICINE

The effective practice of medicine requires narrative competence, that is, the ability to acknowledge, absorb, interpret, and act on the stories and plights of others. Medicine practiced with narrative competence, called narrative medicine, is proposed as a model for humane and effective medical practice. Adopting methods such as close reading of literature and reflective writing allows narrative medicine to examine and illuminate 4 of medicine's central narrative situations: physician and ...

Narrative Medicine: A Model for Empathy, Reflection ...

Akesis is a journal of narrative medicine created and run by students at the University of New England (ME, USA). Narrative medicine is the art of gathering, creating, and sharing stories of illness and healing; it honors the role of stories in healthcare, and allows health care providers to better care for their patients, their colleagues, and themselves.

Submission Guidelines — Intima

Journals that Accept Submissions for Medical Narratives. Medical narrative writing is the reflective writing of both physicians and patients about their experiences in medicine and clinical care. Recently, medical narrative writing has begun to be integrated into medical education in order to further instill an awareness of students’ -- and their patients’ -- emotions, to develop critical thinking, and to examine the medical profession and their place within it from different perspectives.
