In the tradition of Caleb Carr's The Alienist and Matthew Pearl's The Dante Club, this mesmerizing forensic thriller thrusts the reader into the operating rooms, drawing rooms, and back alleys of 1889 Philadelphia, as a doctor grapples with the principles of scientific process to track a daring killer. In the morgue of a Philadelphia hospital, physicians uncover the corpse of a beautiful young woman. What they see takes their breath away. Within days, one doctor, Ephraim Carroll, strongly suspects that he knows the woman's identity. . .and the horrifying events that led to her death. But in this richly atmospheric debut novel - an ingenious blend of history, suspense, and early forensic science - the most compelling chapter is yet to come, as the young doctor is plunged into a maze of murder, secrets, and unimaginable crimes. Peopled with vibrant real-life characters such as Canadian William Osler, hailed as the Father of Modern Medicine; famed surgeon William Stewart Halsted, who performed the first emergency blood transfusion and invented surgical gloves; and the controversial painter Thomas Eakins, The Anatomy of Deception brings to life a little-known and exciting turning-point in American medical history, when ignorant butchery gave way to intelligent surgery-and a young doctor is forced to confront an agonizing moral choice between exposing a killer, undoing a wrong, and, quite possibly, protecting the future of medicine itself.

A shotgun misfires inside the American Fur Company store in Northern Michigan, and Alexis St. Martin's death appears imminent. It's 1822, and, as the leaders of Mackinac Island examine St. Martin's shot-riddled torso, they decide not to incur a single expense on behalf of the indentured fur trapper. They even go so far as to dismiss the attention of U.S. Army Assistant Surgeon William Beaumont, the frontier fort's only doctor. Beaumont ignores the orders and saves the young man's life. What neither the doctor nor his patient understands-yet-is that even as Beaumont's care of St. Martin continues for decades, the motives and merits of his attention are far from clear. In fact, for what he does to his patient, Beaumont will eventually stand trial and be judged. Rooted deeply in historic fact, Open Woundartfully fictionalizes the complex, lifelong relationship between Beaumont and his illiterate French Canadian patient. The young trapper's injury never completely heals, leaving a hole into his stomach that the curious doctor uses as a window to understand the mysteries of digestion. Eager to rise up from his humble origins and self-conscious that his medical training occurred as an apprentice to a rural physician rather than at an elite university, Beaumont seizes the opportunity to experiment upon his patient's stomach in order to write a book that he hopes will establish his legitimacy and secure his prosperity. As Jason Karlawish portrays him, Beaumont, always growing hungrier for more wealth and more prestige, personifies the best and worst aspects of American ambition and power.

This book examines the social, economic and political issues of public health provision in historical perspective. It outlines the development of public health in Britain, Continental Europe and the United States from the ancient world through to the modern state. It includes discussion of: * pestilence, public order and morality in pre-modern times * the Enlightenment and its effects * centralization in Victorian Britain * localization of health care in the United States * population issues and family welfare * the rise of the classic welfare state * attitudes towards public health into the twenty-first century.

With her father away at war to fight Hitler, a young girl gains strength by joining her community in battling polio in this Parents' Choice Silver Honor Book based on the 1944 epidemic and the "Miracle of Hickory" Hospital in Hickory, North Carolina. Ann Fay Honeycutt accepts the role of "man of the house" when her father leaves because she wants to do her part for the war. She's doing well with the extra responsibilities when a frightening polio epidemic strikes, crippling many local children. Her town of Hickory responds by creating an emergency hospital in three days. Ann Fay reads each issue of the newspaper for the latest news of the epidemic. But soon she discovers for herself just how devastating polio can be. As her challenges grow, so does her resourcefulness. In the face of tragedy, Ann Fay discovers her ability to move forward. She experiences the healing qualities of friendship and explores the depths of her own faithfulness to those she loves-even to one she never expected to love at all.

In the spring of 1914, a group of students at the Slade School of Art have gathered for a life-drawing class. Paul Tarrant is easily distracted by an intriguing fellow student, Elinor Brooke, but watches from afar when a well-known painter catches her eye. After World War I begins, Paul tends to the dying soldiers from the front line as a Belgian Red Cross volunteer, but the longer he remains, the greater the distance between him and home becomes. By the time he returns, Paul must confront not only the overwhelming, perhaps impossible challenge of how to express all that he has seen and experienced, but also the fact that life, and love, will never be the same for him again.

Love. Violence. Destiny. These powerful themes ricochet through Lorenzo Carcaterra's new novel like bullets from a machine gun. In Gangster, he surpasses even his bestselling Sleepers to create a brutal and brilliant American saga of murder, forgiveness, and redemption. Born in the midst of tragedy and violence and raised in the shadow of a shocking secret, young Angelo Vestieri chooses to flee both his past and his father to seek a second family-the criminals who preside over early 20th century New York. In his bloody rise from soldier to mob boss, he encounters ever more barbaric betrayals-in friendship, in his brutal business, in love-yet simultaneously comes to understand the meaning of loyalty, the virtue of relationships, and gains a perspective on the lonely, if powerful, life he has chosen. As the years pass, as enemies are made and defeated, as wars are fought and won, the old don meets an abandoned boy who needs a parent as much as protection. By taking Gabe under his wing and teaching him everything he knows, Angelo Vestieri will learn, in the winter of his life, which is greater: his love for the boy he cherishes, or his need to be a gangster and to live by the savage rules he helped create. A sweeping panoramic with riveting characters, a unique understanding of the underworld philosophy, and a relentless pace, Gangster travels through the time of godfathers and goodfellas to our own world of suburban Sopranos. But this is more than just an authentic chronicle of crime. Setting a new standard for this acclaimed author, Gangster is a compassionate portrait of one man's fight against his fate-and an unforgettable epic of a family, a city, a century.

In 1950s Quebec, French and English tolerate each other with precarious civility--much like Maggie Hughes' parents. Maggie's English-speaking father has ambitions for his daughter that don't include marriage to the poor French boy the next farm over. But Maggie's heart is captured by Gabriel Phénix. When she becomes pregnant at fifteen, her parents send the baby Elodie to an orphanage where she receives horrible treatment. Seventeen years later, Maggie, married to a businessman eager to start a family, cannot forget the daughter she was forced to abandon, and a chance reconnection with Gabriel spurs a wrenching choice. As time passes, the stories of Maggie and Elodie intertwine but never touch, until Maggie realizes she must take what she wants from life and go in search of her long-lost daughter, finally reclaiming the truth that has been denied them both.

Enter a world of Egyptian pharaohs and ancient curses from the Queen of Historical Fiction. London, 1922. A discovery from ancient Egypt . . . A cursed package . . . The untold story of a young pharaoh . . . When Lilian Kaye finds a parcel on her grandad's doorstep, she is shocked to see who sent it: a famous Egyptologist, found dead that very morning, according to every newspaper in England! The mysterious package holds the key to a story . . . about a king whose tomb archaeologists are desperately hunting for. Lil and her friends must embark on an incredible journey - to return the package to its resting place, to protect those they love, and to break the deadly pharaoh's curse . . . 'This crisp, beautifully paced story will hold every young reader in thrall.' Telegraph 'Hooked yet? You'd have to be dead and wrapped in bandages not to be.' The Times
