Modern Chess: Move by Move: A step-by-step guide to ...

Each type of chess piece has its own method of movement. A piece moves to a vacant square except when capturing an opponent's piece.. Except for any move of the knight and castling, pieces cannot jump over other pieces.A piece is captured (or taken) when an attacking enemy piece replaces it on its square (en passant is the only exception). The captured piece is thereby permanently removed from ...

Rules of chess - Wikipedia

Before you can play a game of chess, you need to know how to move the pieces (legally). A chess piece 's power is tied to its mobility. The more mobile a piece is, the more powerful it is: Pawns: Pawns can only move forward. On their first move, they can move one or two squares. [...]
