Coaching for Life is an autobiographic journey into the mind and heart of a remarkable man. In his own well-chosen words Coach Annacone describes his life as player, coach and the friend of many who love and work in the field of tennis. This exceptional story is full of anecdotes and exciting passages of dynamic play and deep concentration from Pete Sampras and Roger Federer, to name only two of the many intimate portraits revealed here. In the words of Paul Annacone: "Coaching for Life is not about the sport of tennis as much as it is a process-oriented journey based on the sport of tennis. It is the life I have lived, and the front row seat from which I have watched some of the greatest players compete on the most majestic courts in the world. But it is also something that can be applied to our own day-to-day life."

"This book offers concepts of the teaching and learning of computer networking and hardware by offering fundamental theoretical concepts illustrated with the use of interactive practical exercises"--Provided by publisher.

HAVE YOU EVER Obsessed over your body's 'problem areas'? Killed an hour on the Sidebar of Shame? Wondered whether to try '50 Sex Tips to Please Your Man'? Felt worse after doing any of the above? Holly and Rhiannon grew up reading glossy mags and, like most women, thought of them as just a bit of fun. But over time they started to feel uneasy - not just about magazines, but about music videos, page 3, and women being labelled frigid, princesses or tramps. So, following the amazing success of their Vagenda blog, they wrote this book. Welcome to your indispensable guide to the madness of women's media.

'Curiosity is more than a desire to discover. It's a lifestyle, and a privilege. It's hours of observing a fly on the wall. It's entering the sock drawer just before it closes. It's sniffing the lampshade one more time ...' Such is the wisdom of Curious Zelda: social media star, agony aunt, yoga teacher, cat. In The Adventures of a Curious Cat she gives insight into her view of the world and dispenses unparalleled wisdom. Zelda explains, in her unique voice, how to handle humans, how to communicate with furniture, and most importantly how to live a life curiously. It's the ultimate self-help guide for any cat, or indeed, their human.

How to be Human is the only manual you need to help you upgrade your mind as much as you've upgraded your iphone. 'With this marvellous book, Ruby Wax has confirmed her position as one of the most readable, inspirational and engaging writers in the field of human mental health, happiness and fulfilment.' Stephen Fry 'It took us 4 billion years to evolve to where we are now - completely brilliant and yet, some might say, emotionally dwarfed. The question is: can our more empathetic side catch up in time to save us and the world? I've got nothing against smarts, but it's smarts without emotional awareness that got us into this position of being able to nuke each other into oblivion and rape the earth for oil.' With a little help from a monk (who tells us how our mind works) and a neuroscientist (who tells us how our brain works), Ruby Wax answers every question you've ever had about: evolution, thoughts, emotions, the body, addictions, relationships, sex, kids, the future and compassion. Filled with witty anecdotes from Ruby's own life, and backed up by smart science and practical mindfulness exercises, How to be Human is the only manual you need to help you upgrade your mind as much as you've upgraded your iphone. 'Ruby has beautifully fused neurology and spirituality and given us a means to cope with operating both a mind and a brain. If this mental upgrade works then all other books will become defunct as we repose in bliss.' Russell Brand 'How to Be Human is, without exaggeration, a lifeline: wise, practical and funny, it is a handbook for those in despair. It is actually for everyone alive, for the curious, or disillusioned or muddled or just plain happy.' Joanna Lumley
