Performance Tune
Performance tuning an
Oracle database is a
very complex subject
because there are so
many different factors
that can affect database
performance.

Oracle database
administration requires

Get Free Oracle Admin Guide

a vast amount of information and an ability to perform a myriad of tasks--from installation to tuning to network troubleshooting to overall daily administration. Oracle provides many tools for performing these tasks; the trick is knowing what tool is right for the job, what commands you need to issue (and
