In the late eighteenth century, the Upper Valley of Virginia

experienced a
conflict between
the elitist
culture of the
gentry and the
more republican
values of the
populace. Albert
Tillson
addresses here
several major
issues in
historical
scholarship on

Virginia and the
southern
backcountry,
focusing on
changing
political values
in the late
colonial and
Revolutionary
eras. In the
colonial period,
Tillson shows,
the Upper
Valley's

Although the gentry

arenas, much of

the populace

rejected their
leadership,
especially in
the militia and

dissent

Tillson attributes this in part to the close ties between the

Indeed, many of the subsidiary leaders in direct contact with local neighborhoods
