Please feel free to email [ScrumReferenceGuides@gmail.com](mailto:ScrumReferenceGuides@gmail.com) in case of any questions. 5) % of the book is available for you to see before you buy it in the "Look Inside" Amazon Feature. This will help you understand exactly what you are buying. The Scrum.org the PSU (Professional Scrum with User Experience) is 60-minute time boxed assessments where you will answer 80 multiple choice questions (in English), similar to the Scrum Open Assessment. You get one attempt (upon payment of fee) and you decide when and where to the exam. There is no expiration date. You are not required to attend an assessment center and can take it from the comfort of your own home. If you do not pass the exam, you can retake the exam, however you would have to pay the fees again. Following are the steps for taking (and passing) the Scrum.org the PSU (Professional Scrum with User Experience) assessment and obtaining the certification: 1. If you are new to Scrum and have never been part of a Scrum team, taking a course is recommended. Attend a Scrum.org Professional Scrum Master or Professional Scrum Product Owner course and review these notes upon completion of the course. 2. Read the Scrum Guide and Lean UX book together with this Reference book. The Scrum Guide is extremely condensed and thus we have decomposed and categorized the most important information present on the Scrum Guide in this Reference Guide. 3. All the important information present in the SCRUM Guide is in this quick Reference Guide. 4. Read the Book Lean UX: Designing Great Products with Agile Teams by Jeff Gothelf and Josh Seiden 5. Go through the questions and answers at the bottom of the book. 6. Take the Scrum Open Assessment (<https://www.scrum.org/open-assessments>) until you can do the assessment quickly and score close to 100% three times in a row.
