“In this stunning biography of Fannie Lou Hamer, we walk beside her through tears and smiles on a remarkable journey of resilience and determination that leaves us transformed.” — Booklist (starred review) Despite fierce prejudice and abuse, even being beaten to within an inch of her life, Fannie Lou Hamer was a champion of civil rights from the 1950s until her death in 1977. Integral to the Freedom Summer of 1964, Ms. Hamer gave a speech at the Democratic National Convention that, despite President Johnson's interference, aired on national TV news and spurred the nation to support the Freedom Democrats. Featuring vibrant mixed-media art full of intricate detail, *Voice of Freedom* celebrates Fannie Lou Hamer's life and legacy with a message of hope, determination, and strength.

In a moving, lyrical tale about the cost and fragility of freedom, a New York Times best-selling author and an acclaimed artist follow the life of a man who courageously shipped himself out of slavery. What have I to fear? My master broke every promise to me. I lost my beloved wife and our dear children. All, sold South. Neither my time nor my body is mine. The breath of life is all I have to lose. And bondage is suffocating me. Henry Brown wrote that, long before he came to be known as Box, he “entered the world a slave.” He was put to work as a child and passed down from one generation to the next — as property. When he was an adult, his wife and children were sold away from him out of spite. Henry Brown watched as his family left bound in chains, headed to the deeper South. What more could be taken from him? But then hope — and help — came in the form of the Underground Railroad. Escape! In stanzas of six lines each, each line representing one side of a box, celebrated poet Carole Boston Weatherford powerfully narrates Henry Brown's story of how he came to send himself in a box from slavery to freedom. Strikingly illustrated in rich hues and patterns by artist Michele Wood, *Box* is augmented with historical records and an introductory excerpt from Henry's own writing as well as a time line, notes from the author, and a bibliography.

“Carter G. Woodson didn't just read history. He changed it.” As the father of Black History

Month, he spent his life introducing others to the history of his people. Carter G. Woodson was born to two formerly enslaved people ten years after the end of the Civil War. Though his father could not read, he believed in being an informed citizen. So Carter read the newspaper to him every day. When he was still a teenager, Carter went to work in the coal mines. There he met a man named Oliver Jones, and Oliver did something important: he asked Carter not only to read to him and the other miners, but also research and find more information on the subjects that interested them. "My interest in penetrating the past of my people was deepened," Carter wrote. His journey would take him many more years, traveling around the world and transforming the way people thought about history. From an award-winning team of author Deborah Hopkinson and illustrator Don Tate, this first-ever picture book biography of Carter G. Woodson emphasizes the importance of pursuing curiosity and encouraging a hunger for knowledge of stories and histories that have not been told. Illustrations also feature brief biological sketches of important figures from African and African-American history.

Longlisted for the National Book Award A Kirkus Prize Finalist A Boston Globe-Horn Book Honor Book "A must-have"—Booklist (starred review) Celebrated author Carole Boston Weatherford and illustrator Floyd Cooper provide a powerful look at the Tulsa Race Massacre, one of the worst incidents of racial violence in our nation's history. The book traces the history of African Americans in Tulsa's Greenwood district and chronicles the devastation that occurred in 1921 when a white mob attacked the Black community. News of what happened was largely suppressed, and no official investigation occurred for seventy-five years. This picture book sensitively introduces young readers to this tragedy and concludes with a call for a better future.

An introduction to the life and career of the "Father of High Fantasy."

Chosen as a New York Times Best Illustrated Book of 2016, this poetic, nonfiction story about a little-known piece of African American history captures a human's capacity to find hope and joy in difficult circumstances and demonstrates how New Orleans' Congo Square was truly freedom's heart. Mondays, there were hogs to slop, mules to train, and logs to chop. Slavery was no ways fair. Six more days to Congo Square. As slaves relentlessly toiled in an unjust system in 19th century Louisiana, they all counted down the days until Sunday, when at least for half a day they were briefly able to congregate in Congo Square in New Orleans. Here they were free to set up an open market, sing, dance, and play music. They were free to forget their cares, their struggles, and their oppression. This story chronicles slaves' duties each day, from chopping logs on Mondays to baking bread on Wednesdays to plucking hens on Saturday, and builds to the freedom of Sundays and the special experience of an afternoon spent in Congo Square. This book will have a forward from Freddi Williams Evans (freddievans.com), a historian and Congo Square expert, as well as a glossary of terms with pronunciations and definitions.
