## **Dream of smart cities has to start from smart towns and ...**

Rural areas face a real and complex challenge, which needs to be tackled by a smart approach. The 'smart cities'

## Access PDF Smart Villages And Smart Cities Nptel

concept has already borne fruit throughout Europe. It is a logical consequence for us to now develop a 'smart village' to add to what is already working in cities.

**EU should extend 'smart cities' to 'smart villages'**

## Access PDF Smart Villages And Smart Cities Nptel

Initially, the concept of Smart Cities (urban settlement) originated from the Internet of Things (IoT) technology, however, the use of IoT technology can be extended to the concept of Smart Villages (rural settlement) as well, improving the life of the villagers,

## Access PDF Smart Villages And Smart Cities Nptel

and the communities as a whole. Yet, the rural settlements have slightly different requirements than the urban like settlements.
