strategy and effectively implementing it. Companies that outperform their rivals typically have a better grasp of what customers value, who their competitors are, and how they can create an enduring competitive advantage.

Successful strategies reflect a solid grasp of relevant forces in the external and competitive environment, a clear strategic intent, and a deep understanding of a company's core competencies and assets. Generic strategies rarely propel a firm to a leadership position. Knowing where to go and finding carefully considered, creative ways of getting there are the hallmarks of successful strategy.

Global Business Strategy looks at the opportunities and risks associated with staking out a global competitive presence and introduces the fundamentals of global strategic thinking. The authors demonstrate how a company should change and adapt its domestic business model to achieve a competitive advantage as it expands globally. Our framework includes a company's business model, the strategic decisions a company needs to make as it globalizes its operations, and globalization strategies for creating a competitive advantage. A business model has four principal dimensions: market participation,
