The Philosophy Of Sex

Philosophy of sex is an aspect of applied philosophy involved with the study of sex and love. It includes both ethics of phenomena such as prostitution, rape, sexual harassment, sexual identity, the age of consent, homosexuality, and conceptual analysis of concepts such as "what is sex?" It also includes questions of sexuality and sexual identity and the ontological status of gender. Leading contemporary philosophers of sex include Alan Soble and Judith Butler. Contemporary philosophy of sex is

Philosophy of sex - Wikipedia
 The Philosophy of Sex goes a long way to making things clearer. This is a smart book, full of key issues and debates of the day, debates about who we are and how we relate to one another. Everyone has something to learn about sex, and everyone will learn something from this book.

Philosophy of Sex: Contemporary Readings, 5th Edition ...

Among the central concepts in the philosophy of sex are sexual desire, sexual activity, sexual pleasure, sexual perversion, sexual arousal, and sexual satisfaction.

Philosophy of Sex Encyclopedia.com
Conceptual philosophy of sexuality is concerned to analyze and to clarify concepts that are central in this area of philosophy: sexual activity, sexual desire, sexual sensation, sexual perversion, and others. It also attempts to define less abstract concepts, such as prostitution, pornography, and rape.

Philosophy of Sex and Gender - Natural or Conventional?

In this module you will explore some major philosophical questions related to sex. We will begin by considering the nature of sex, discussing a range of theories of sex including the traditional view of sex as essentially connected to reproduction and \!plain sex\ theories that emphasise sexual pleasure. In the second section of the module, we will connect theories of sex to concrete issues in the ethics of sexual behaviour, discussing issues such as rape, monogamy and prostitution.

Gray\!s \!Sex and Sexual Perversion,\! and Alan Goldman\!s \!Plain Sex\ (from the prestigious journal Philosophy and Public Affairs). The bulk of the fourth edition of Philosophy of Sex falls properly in the area of applied philosophy of sex or, more generally, applied philoso-phy, applied ethics, and gender studies (so the book could be used in

The Philosophy of Sex - PhilPapers
Sex has received little attention in the history of western philosophy, and what it did receive was not good: Plato denigrated it, arguing that it should lead to something higher or better (Phaedrus, Symposium), Aristotle barely mentioned it, and Christian philosophers condemned it: Augustine argued that its pleasures are dangerous in mastering us, and allowed sex only for procreation (City of God, bk 14; On Marriage and Concupiscence), while Aquinas confined its permissibility to conjugal ...

Sex and Sexuality (Stanford Encyclopedia of Philosophy)

Philosophy of Sex - PHIL2661. Year - 2020. This course addresses philosophical issues concerning sex. From the perspective of metaphysics, we will ask what sexual differences and relations are. From the perspective of moral and political philosophy, we will ask which sexual relationships and identities are ethically justifiable.

Philosophy of Sex - Marino - 2014 - Philosophy Compass ...
Alas, sex is studied as any other behavior, and falls squarely 'under' philosophy of science. It has no epistemological consequences unique to it, and perhaps the only exit route I see is to spice in theology, stating that sex is by its nature different from any other act. Sadly, this is not analytic.

Philosophy of gender & feminism. Komarine Romdenh-Romluc has worked on various issues in feminist philosophy, including epistemic injustice and the nature of gender from a phenomenological perspective.. Jennifer Saul wrote the 2003 textbook Feminism: Issues and Arguments.She has written on feminist philosophy of language, gender, sexual harassment, implicit bias, and pornography.

Thirty contemporary essays that explore philosophically, conceptually, and theologically the nature, social meanings, and morality of contemporary sexual phenomena. From publisher description.

With twenty-five essays, fourteen of which are new to this edition, this best-selling volume examines the nature, morality, and social meanings of contemporary sexual phenomena. Topics include sexual desire, masturbation, sex on the Internet, homosexuality, transgender and transsexual issues, rape, and promiscuity. New chapters discuss polyamory, transgender issues, queer issues, paraphilia, drugs and sex, objectification, BDSM, cybersex, and sex and race. Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom.

Writing for non-specialists and students as well as for fellow philosophers, this book explores some basic issues surrounding sex and love in today's world, among them consent, objectification, non-monogamy, racial stereotyping, and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works. Author Patricia Marino argues that we cannot fully understand these issues by focusing only on individual desires and choices. Instead, we need to examine the social contexts within which choices are made and acquire their meanings. That perspective, she argues, is especially needed today, when the values of individualism, self-expression, and self-interest permeate our lives. Marino asks how we can fit these values, which govern so many areas of contemporary life, with the generosity, caring, and selflessness we expect in love and sex. Key Features of Philosophy of Sex and Love: An Opinionated Introduction Offers a contemporary, problems-based approach to the subject, helping readers better understand and address current issues and controversial questions Includes coverage of sex and love as they intersect with topics like disability, race, medicine, and economics Considers not only the ethical, but also the broadly social and political dimensions of sex and love Includes a helpful introduction and conclusion in each chapter and is written throughout in a clear and straightforward style, with examples and signposts to help guide the student and general reader A comprehensive and up-to-date bibliography provides a valuable tool for anyone\!s further research

In the fourth edition of The Philosophy of Sex, distinguished philosophers and social critics confront a variety of issues, including prostitution, adultery, masturbation, homosexuality, and the different attitudes men and women have about sex. The fourth edition includes an entirely new section on Kant and sex, as well as new essays by Michael E. Levin, Cheshire Calhoun, Irving Singer, Pat Califia, and Alan Soble. Visit our website for sample chapters!

Now in its third edition, this fascinating book illustrates how a philosophical approach to sexuality can shed light on various sexual phenomena, such as pornography, prostitution, sadomasochism, homosexuality, masturbation, sexual perversion, and adultery. A definitive work on a provocative topic.

"This introductory textbook is an overview of the nature and the ethics of the many aspects of sex and love"--Provided by publisher.

More than 150 alphabetically arranged entries on topics, thinkers, religions, movements, and concepts locate sexuality in its humanistic and social contexts.

How is love different from lust or infatuation? Do love and marriage really go together \!like a horse and carriage\!? Does sex have any necessary connection to either? And how important are love, sex, and marriage to a well-lived life? In this lively, lucid, and comprehensive textbook, Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships, exploring the nature, uses, and ethics of romantic love, sexuality, and marriage.

A survey of the analytic and normative approaches taken to the subject by conservatives, religion, liberals, feminists, and others. Topics addressed include the nature of sexual pleasure, sexual desire, and sexual activity; the relationship between judgments about the psychological, biological, and social nature of human beings and judgments that certain sexual behaviors or desires are sexually perverted; the possibility of constructing principles of sexual ethics; the moral and social issues of rape, pornography, prostitution, adultery, promiscuity, masturbation, abortions, and contraception; and how issues within the philosophy of sex and love look different once gender is taken into account. Annotation copyrighted by Book News, Inc., Portland, OR

How is love different from lust or infatuation? Do love and marriage really go together "like a horse and carriage"? Does sex have any necessary connection to either? And how important are love, sex, and marriage to a well-lived life? In the Second Edition of this lively, lucid, and comprehensive book, Raja Halwani explores and elucidates the nature, uses, and ethics of romantic love, sexuality, and marriage. It is structured in three parts: Love examines the nature of romantic love and how it differs from other types of love, such as friendship and parental love. It also investigates the relationship of love to morality and asks what limits morality puts on romantic love and even whether romantic love is inherently moral. Sex demonstrates the difficulty in defining sex and the sexual, and examines what constitutes good and bad sex in terms of pleasure, "naturalness," and moral permissibility. It discusses the nature of sexual desire and its connection to objectification and virtue, all the while looking at specific sexual engagements such as pornography, BDSM, and raced desires. Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry. It also investigates the necessity of marriage and ways in which it requires reform. Updates and Revisions in the Second Edition Expands the coverage of love and morality from one to two chapters, incorporating much of the recent literature on love as a moral emotion. Includes a new chapter on sex and virtue ethics. Ends each of the chapters on sex with an "applied" topic, such as pornography, BDSM, prostitution, racial sexual desires, and adultery. Increases coverage of the nature and purpose of marriage, including debates surrounding same-sex marriage, but also moving beyond these debates to include issues on minimal marriage, temporary marriage, polygamy, and other forms of marriage. Updates the Further Reading and Study Questions sections at the end of each chapter and provides an up-to-date comprehensive bibliography at the back of the book. Includes new discussions of topics on the nature of love; love and reasons; distinctions between two types of romantic love; love and its connections to moral theories; definitions of crucial sexual concepts; objectification; virtue and sex; racial sexual desires; and the definition of marriage and whether it is important as an institution.
