The Sociology of Sociability | University of Portsmouth
Abstract. Georg Simmel [American Journal of Sociology
55:254–261 (1949)] is widely credited as the first scholar to have
seriously examined sociability – “the sheer pleasure of the
company of others’ ’ and the central ingredient in many social
forms of recreation and play.

Sociability definition is - the quality or state of being sociable; also : the act or an instance of being sociable. How to use sociability in a sentence.

Sociability | Definition of Sociability by Merriam-Webster

The term society is most fundamental to sociology. It is derived from the Latin word socius which means companionship or friendship. Companionship means sociability. According to George Simmel it is this element of sociability which defines the true essence of society. It indicates that man always lives in the company of other people.

Sociability directs our attention to eddies of social interaction that involve a playful flight from the weight of social forces and are thus an antidote to the focus on struggle in IR practice theory. That said, it does not follow that a focus on associative and cooperative behavior should suppress the analysis of unequal social structures. As I demonstrate below, even ludic and playful practices that foster sociability are raced, classed, and gendered in their concrete empirical expression ...
