Miller gives you the tools to prepare and prevail, both physically and psychologically. He shares hard-won lessons from a world most of us hope we never experience. Train in fundamentals, combat drills, and dynamic fighting. Develop situational awareness.

Where To Download

Condition yourself through stress inoculation. Take a critical look at your training habits. "You don't get to pick where fights go," Miller writes. That's why he has created a series of drills to train you for the worst of it. You will defend yourself on your feet, on the ground,

against weapons, in a crowd, and while blindfolded. You will reevaluate your training

scenarios—keeping what works, discarding what does not, and improving your chances of survival. Miller's "internal work," "world work," and "plastic mind" exercises will

challenge you in ways that mere physical training does not.

Sections include:

Stalking Escape and evasion
The predator mind
Personal threat assessment
This is a fight for your life, and it won't happen on a nice soft mat. It will get, as Miller says, "all kinds of messy."

Training for Sudden
