Introduced in 2002 under the Typ 9N codename, the fourth generation Polo shared little with its predecessor. With a stiff body, many airbags and ESP as a standard in many models, the focus was on active and passive safety. Also, it grew in size, making it larger than an original Golf. This allowed the interior to be even more spacious, with class-leading head and legroom. Outside, the new Polo ...

VW was revived after World War 2 and the Wolfsburg factory was offered by the British to several foreign car makers, but all rejected it as a project doomed to fail. But it didn't, and the Beetle was soon followed by the Type 2 (VW Camper) and Karmann Ghia sports car. Volkswagen's acquisition of the Audi brand helped it to launch the Golf, Passat, Polo, which have stood the test of time ...

The present work is a fine contribution to the broad field of environmental security in the context of risk assessment and management of obsolete pesticides for the region of Southeast Europe. The purpose of this book is to evaluate the existing knowledge of improper disposal of obsolete pesticides in the region, to estimate the associated impact on environmental health, and to develop recommendations to mitigate or eliminate threats posed to the environment, biodiversity and human life. The issues discussed in the book include: reviews of the transport and fate of pesticides and associated contaminated materials in different environmental media and identification of the principal sources, emission routes and patterns of environmental pollution with pesticides; a recognition of the most suitable methods for environmental sampling analysis and sample preparation; an evaluation of the current methods and techniques for chemical and mass analysis of
