I realized this was not going to be an all-encompassing volume but it is quite small and truly does just give each religion in a nutshell. The book covers 9 different religions (if you consider Catholicism and "Modern Christianity" their own religions). Each chapter has the same layout, containing three themes. First is basic beliefs.

You are on CNN, live. The host leans across to you and asks, What s the major difference between Christianity and the other major religions? They are basically all the same, aren t they? Millions are awaiting your reply. Do you know how you would answer? Most of us are not as prepared as we should be for this all-important task. Discover what almost all religions have in common: By trying to earn their way to Heaven, their followers are robed in works-righteousness. Learn how to gently remove that robe, so those seeking eternal salvation can be clothed in the righteousness that comes only through faith in Jesus Christ. Each religion is discussed according to: It s basic beliefs Testimonies of its followers who turned to Christ Sample witnessing conversation.

Succinct chapters provide an excellent guide to understanding Islam, Buddhism, Hinduism, Judaism, Taoism, Shintoism, and more.

## Acces PDF World Religions In A Nutshell A Complete Guide To Reaching Those Of Other Faiths

Globalization and high-speed communication put twenty-first century people in contact with adherents to a wide variety of world religions, but usually, valuable knowledge of these other traditions is limited at best. On the one hand, religious stereotypes abound, hampering a serious exploration of unfamiliar philosophies and practices. On the other hand, the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world's many religions. Understanding World Religions presents religion as a complex and intriguing matrix of history, philosophy, culture, beliefs, and practices. Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion, and he guides readers in responsible ways of carrying this out. Of particular importance is Hexham's decision to explore African religions, which have frequently been absent from major religion texts. He surveys these in addition to varieties of Hinduism, Buddhism, Judaism, Christianity, and Islam.

A History of the World's Religions bridges the interval between the founding of religions and their present state, and gives students an accurate look at the religions of the world by including descriptive and interpretive details from the original source materials. Refined by over forty years of dialogue and correspondence with religious experts and practitioners around the world, A History of the World's Religions is widely regarded as the hallmark of scholarship, fairness, and accuracy in its field. It is also the most thorough yet manageable history of world religion available in a single volume, treating many subjects largely neglected in other texts.

Explains the basic beliefs, customs, and rituals of twelve different world religions, and includes

# Acces PDF World Religions In A Nutshell A Complete Guide To Reaching Those Of Other Faiths

information about tribal and native religions of Africa, North America, and Australia.

An easy-to-use and comprehensive guide that explores the intriguing dogma and rituals, cultural convictions, and often-checkered backgrounds and histories of the world's religions.

The Facts On series has sold more than 1.9 million copies and continues to provide information, facts, and foundational truths to help Christians understand their faith and their world. With their extensive knowledge of comparative religion, the Facts On creators explore and compare the basic teachings and practices of the world's four major belief systems-- Islam Hinduism Buddhism Christianity The authors also discuss some less-widespread religions. Readers will discover that Christianity stands alone in the integrity of its divine revelation--the Bible--and in its consistency with history, the natural world, and human experience. Rerelease with new cover and minor updates.

Religions in today's culture seem to be multiplying. Have you ever wondered why certain religions believe and practice what they do? Or how they view the Bible? This volume delves into these and other engaging questions, such as: How can a Christian witness to people in these religions? Do these other religions believe in creation and a Creator? How do we deal with these religions from a biblical authority perspective? Many religions and cults discussed in this first volume openly affirm that the Bible is true, but then something gets in their way. And there is a common factor every time--man's fallible opinions. In one way or another the Bible gets demoted, reinterpreted, or completely ignored. Man's ideas are used to throw the Bible's

clear teaching out the window while false teachings are promoted. This book is a must for laymen, church leaders, teachers, and students to understand the trends in our culture and around the world where certain religions dominate, helping you discern truth and guard your faith. When you understand a religion's origins and teachings, you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions.
